

As the Founder of the Veterans Employment Alliance, I would like to personally invite you to attend the Veterans in Crisis Mass Density Summit scheduled for June 14, 2010 from 12 noon until 3 PM at the Knights of Columbus Chapter located at 1800 S. 92<sup>nd</sup> Street, West Allis, Wisconsin.

The event will bring Veterans and their Families together with leaders from government, industry, the medical community, and non-governmental organizations to share information and ideas. The objective is to have participants present their thoughts and ideas on the leading challenges that manifest from enduring conflicts, the affects these challenges can have on Veterans and their Families as they return from deployment to unemployment and possible plans of action to address those challenges. In doing so, the Summit will explore existing solutions to be leverages as well as new innovative initiatives generated from the international, national, state, local and non-governmental organizations.

As a leader in your industry, your attendance and participation will significantly highlight the importance of the health and welfare of our Veterans and their Families. We are reaching out to the top industry leaders and experts across the community to share their knowledge of services and solutions to these complex issues facing today's Veterans and their Families.

My office remains committed to supporting and assisting our Veterans and their Families during a time of persistent conflict. With your commitment, we can make a real difference in meeting the needs of those who serve our country. Someone from my staff will be contacting you within the next few days to discuss the conference and answer any questions you may have concerning your participation. We truly value your consideration for this significant endeavor.

For more information and to accept this invitation, please visit our website [www.peoplepowerllc.com](http://www.peoplepowerllc.com).

Respectfully,

C. J. Brown III  
Founder – Veterans Employment Alliance
